To Whom It May Concern:

My name is Jared Kott, I am an Eastside resident and a Board Member of the East Side Chamber of Commerce. This letter is in support of RMG South Side Recycling.

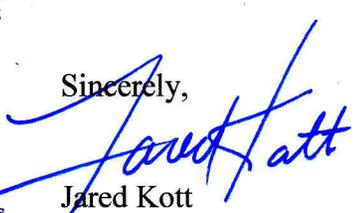

I and the Chamber members have met the leadership of RMG South Side Recycling. We have spent countless hours together learning about the establishment, people, location, safety measures, overall plans, and opportunity this business continues to bring to the 10th ward.

This establishment is top notch and has no reported issues within the community. The 10th ward needs solid paying jobs, RMG South Side Recycling is providing great paying wages and is hiring locally, we want jobs and we support RMG South Side Recycling.

As a business owner myself in the 10th Ward, I would question why a city that is losing revenue and population daily would not be supporting a local business that has been in this community for over 29 years, they provide a living wage that feeds and supports local families and children.

The solution here is to fully support RMG South Side Recycling so that they can continue to be a great community partner as well as the employer for so many in our 10<sup>th</sup> Ward.

Sincerely,

  
Jared Kott  
Chairman  
Business Development Committee  
East Side Chamber of Commerce
